# Speaker System SP-RM3

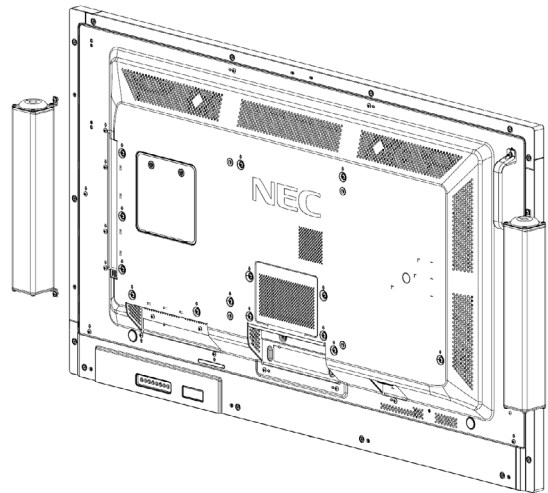

Speaker system

Rear mounted stereo speaker system  
for NEC Large Format Displays  
MultiSync® V and P Series

The rear mounted speaker NEC SP-RM3 adds superior sound to your video conferencing or digital signage installation.

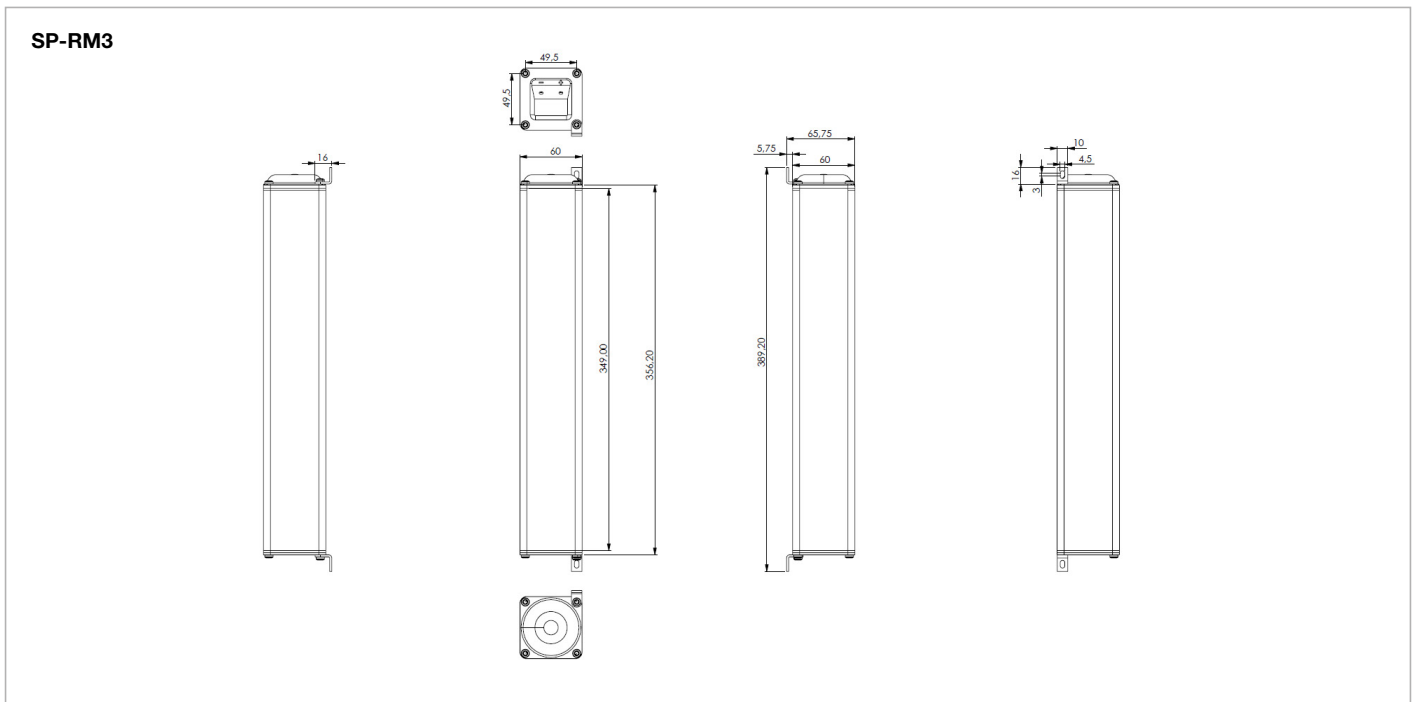

SP-RM3 MOUNTED TO NEC MULTISYNC® V654Q

## Delivering Genuine Benefits

- Optimized for **video collaboration** and corporate signage applications.
- **Non visible rear mounting** – the unobtrusive and modern styling ensures a harmonious connection between the speaker system and the display. Speaker will stay visible (front view) with 40" displays due to back chassis design, for other display sizes speakers are concealed behind the display.
- **Unique design concept** - allows fast and easy assembly.
- **Sophisticated engineering with crisp audio** – effectively minimises potential resonances and interactions with the loudspeaker.
- **A Commitment to Quality** – 3 years warranty to match the display warranty and
