BOSCH
Invented for life

▶ Easy to install two piece design brackets

▶ Supports all LCD monitors with a VESA®-compliant pattern

▶ Mounts support up to 12 kg (26.5 lb) for monitors smaller than 20 inches and up to 90.71 kg (200 lb) for larger monitors

Bosch offers a range of mounting options and power supplies for the UML Series flat-panel monitors. The Bosch series of Universal Monitor Mounts (UMM) are designed to mount any VESA®-compliant monitor to a wall or in a rack-mount cabinet, up to 12 kg (26.5 lb) in weight. The wall mounts offered in the series of Universal Monitor Mounts (UMM) are the UMM-LW-20B, the UMM-LW-30B and the UMM-WMT-32. The rack mount is the UMM-LCDUB-RM. The ST650 wall mount is ideal for mounting a 37-inch to a 60-inch LCD screen to a wall. The one-touch tilt feature allows adjustment of ±15° without the use of tools.

Each wall mount comes in two pieces: a VESA®-compliant mounting plate that attaches to the monitor and a V-shaped wall bracket. Once both pieces of the mount are attached, the monitor slides into the V-shaped bracket on the wall, making installation quick and easy. A set screw secures the two sections of the mount together.

The UMM-LCDUB-RM is ideal for mounting 15-inch, 17-inch, or 19-inch UML LCD monitors. This mount supports dual 8.4-in. and single 8.4- to 19-in. LCD monitors in a standard VESA rack cabinet.

The Bosch UML-202-90 PS Universal Power Supply is compatible with all Bosch LCD monitors up to 19 inches, and provides 12 VDC / 5.0 A output.
