

# Vaddio ePTZ Camera Comparison Guide

## IntelliSHOT vs ConferenceSHOT ePTZ

Our ePTZ cameras offer dynamic, handsfree movement without the need for motors thanks to IntelliFrame™ intelligent framing algorithms that track motion and keep participants in view. With IntelliFrame, you can customize the auto-framing experience based on the environment by blocking out hallways and windows from the auto-framer, adjusting reaction time, maximum zoom level and many more settings.

Similar features and performance can be found in both of our ePTZ cameras but the IntelliSHOT offers much further zoom distance and more robust presenter tracking capabilities.

Use this guide to choose between the IntelliSHOT and the ConferenceSHOT ePTZ cameras.

	IntelliSHOT	ConferenceSHOT ePTZ
	Medium and Large Rooms	Huddle and Small Rooms
Zoom	30x	5x
Horizontal Field of View	70.2°	129°
Audio	<ul style="list-style-type: none"> <li>Two Integrated Microphones with Acoustic Echo Cancellation</li> <li>Balanced Audio I/O to connect to existing audio system</li> </ul>	<ul style="list-style-type: none"> <li>Integrated Microphone with Acoustic Echo Cancellation</li> <li>Balanced Audio I/O to connect to existing audio system</li> </ul>
Auto-Framing	Advanced IntelliFrame technology allows for presenter tracking for lecture capture and auto-framing for videoconferencing	IntelliFrame keeps participants framed in view to recreate the one-to-one videoconferencing experience
Video Outputs	Simultaneous: <ul style="list-style-type: none"> <li>USB 3.0 with plug-and-play</li> <li>HDMI</li> <li>IP Streaming</li> </ul>	
Top Resolution	Full HD – 1080p/30	
Warranty	3 years including 1 year Advance Replacement	
Camera Origin	Designed and Assembled in Minnesota, USA. TAA and Buy America compliant.	
Mounting	Comes with coordinating on-wall mount and cable cover. Optional ceiling drop-down mounts and additional display-mounting options available from Chief.	
Control	Operate the camera with the included remote control or pair with Vaddio Device Controller for easy, in-room control.
