Before assembly
Please spend a minute to read this and follow the procedures step by step.
Do not discard any of the packaging until you have checked all the parts and
The package of fittings.

A: Make sure the table will fit to a 650mm lenght of cable management ,like
this products.
B: Put the holder into centerhole of the cable management. Attach the cable
management to the tableboard and fix screws into the two outward holes.
Release once again the cable management from the holder. Fix the two
last screws into the holder. Ready to use!
C: Choose desired heght form surface below the deskboard.
(5mm,35mm,alt 65mm)
D: Position by the edge of the deskboard or other optional position.

Caution:
Regular cleaning with a clean dry cloth is usually sufficient, but for stubborn marks, wipe over
gently with a clean damp cloth. Never use strong detergents or abrasive cleaners as these may
damage the surface finish of your furniture. There are many small components used in the
construction of this unit. These loose items should be kept away from young children while
assembling your unit.   **Package contains 2 sets**
